Summer Camp... your way!

Tick Tock's summer programs are a great way
to have fun this summer!

You determine the days, times and cost!

- Our summer programs run from the time kids get out of school until they go back - no breaks between camp and school
- Great for supplementing other programs - we offer transportation from all Northfield Park District programs
- Children go outside 2-3 times per day including daily trips to Clarkson Park for preschool and school age children and walking field trips for school age children
- Preschool and school age children will go to Clarkson Park for the Friday concert series
- Weekly water days for all ages
- Daily art/science/cooking projects based on a weekly theme
- Campers don't need to be potty trained
